

## Educational Resources for Families

**Lifetree Kids** - [Lifetree Kids YouTube Channel](#)

This site has over 300 videos, and brand-new Sunday school curriculum called Empowering Courageous Kids. The lessons are 20 minutes long including an object lesson, and many of the same motion videos we use in VBS!

**Chapel of the Cross Lutheran Church** in St. Louis, MO, has put together a nice resource based on some of our Concordia Publishing House (LCMS) curriculum. Holy Week has some nice resources.

[Sunday School at Chapel of the Cross Lutheran Church, St. Louis, MO](#)

**Bedtime Bible Stories with the Skit Guys:** The stories take about 15-20 minutes and they can actually get kids a little goofy, so you may want to do this as one of your first steps in your nightly routine rather than your last one. [Bedtime Bible Stories with the Skit Guys](#)

**RightNow Media** is wonderful resource for all ages, but it has some wonderful videos for children. We recommend Veggie Tales, What's in the Bible? With Buck Denver, and anything by Tim Mackie.

Prince of Peace pays an annual subscription rate for this resource. To get access, go to [RightNow Media](#)

[Lutheran Hour Ministry](#) – provides all kinds of free resources. Check out their devotions, podcasts or their online courses called LHM Learn if you want to dig a little deeper.
